

PRESS RELEASE

AirBridgeCargo is proud to join the Pharma.Aero Advisory Board

Pharma.Aero has established an Advisory Board consisting of four industry experts among its Full Members, each representing a different segment of the air cargo supply chain: Airlines, Airports, Freight Forwarders and Ground Handlers.

AIRPORT

The newly appointed Advisory Board Members are:

1. AirBridgeCargo Airlines (part of Volga-Dnepr Group), **Ms. Yulia Celetaria**, Global Healthcare Director
2. BDP International, **Ms. Simona Ravera**, Director of Sales EMEA, LifeScience and Healthcare
3. Cargo Service Center India, **Mr. Tushar Jani**, Group Chairman
4. Dallas Fort Worth International Airport, **Mr. Milton De La Paz**, Vice President Airline Relations and Cargo Business Development

The Advisory Board will work alongside with Pharma.Aero's Board of Directors, taking part in regular meetings to discuss project priorities and new initiatives. Each Advisory Board member's term is one year and each position is re-opened to all Full Members on a yearly basis.

"With collaboration being one of the main driving forces to advance in the logistics sector, Pharma.Aero has moved in the right direction by bringing together all the healthcare stakeholders. The Advisory Board will be an excellent platform to connect, to share insights and, most importantly, to be heard with respective actions taken afterwards aimed at the enhancement of pharma logistics. This will support our life-saving logistics efforts across the globe and allow us to shape more dedicated solutions for our customers", highlighted Yulia Celetaria, Global Healthcare Director, AirBridgeCargo Airlines (part of Volga-Dnepr Group).
